The Diamond Approach® is a powerful and effective spiritual path for self-realization and self-actualization. This path arose out of an objective need, and is available to those who aspire to realize their True Nature and to actually live that realization in our modern Western society. It was introduced by Hameed Ali, (writing as A.H. Almaas) and continues to evolve over the past 35 years.

**Taught by the DH8 team: Gina Crago Ackler (303.426.5066),
Anne Laney (303.423.5570), and Andreas Mouskos (303.463.4502).**

**Contact Andreas for more information and to explore your next steps in joining DH8.
You can reach him by telephone at 303-463-4502 or via email at AMouskos@msn.com**
